# Youth Programs

## Rookie T-Ball

(Minimum of 8 participants registered to run class.)

5 week session at Tuscora Park  
Registration closes MONDAY, JUNE 3rd.

This t-ball program is a great introduction to the game of baseball for young children. Each week will include an instructional portion that will introduce players to batting, base running, throwing, and fielding. A modified game will also be played each week. Parent participation is strongly encouraged to allow the class to run smoother. The Rookie Sports Club t-ball program will provide your child a fun and positive baseball experience that will help build self esteem and nurture their excitement for physical activity.

Date	Day	Time	Ages	Fee
Jun 12-July 17	W	5:30-6:15pm	3-4	\$70
*No class July 3				

## Rookie Pickleball

(Minimum of 8 participants to run the class)

5 week session at Tuscora Park  
Registration closes MONDAY, APRIL 15th.

Learn the dinkin' and dunkin' that has made pickleball one of the fastest growing sports! This unique class is for participants of all ages and will focus on learning the rules, skills, and concepts needed to play the game. Coaches will implement drills that improve fundamentals including forehand and backhand strokes, serving, returns, and volleying. Participants will also engage in game play throughout the sessions. Come learn all about this exciting, popular sport that can turn you into a lifelong mover!

Location	Date	Day	Time	Ages	Fee
Tuscora Park	Apr. 23- May 21	T	6pm-6:45 pm	All	\$70

## Rookie Basketball

(Minimum of 8 participants to run the class)

5 week session at McCafferty Park  
Registration closes MONDAY, JUNE 3rd.

The Rookie Sports Club basketball program will help children with skill development and promote physical activity. Players will participate in games and drills that focus on improving the fundamentals of each skill including dribbling, passing, shooting, and defense. The program will also include semi-competitive scrimmages that are facilitated by the coaches in order to teach within the context of the game. With an emphasis on fun and sportsmanship, participants are sure to have a great basketball experience.

Date	Day	Time	Ages	Fee
Jun 13-July 18	TH	5:30-6:15 pm	7-10	\$70
*No class July 4				

## Pop-up Field Trips

(Each trip has a minimum number of participants)  
Registration closes on the dates listed below

Ages 6-12 may register to join us for a pop-up field trip. What's the best part of summer camp... FIELD TRIPS! This program offers you the ability to sign your child up for a fun field trip for the day. Have your child bring a lunch, a water bottle and be ready to enjoy a day of fun!

**Limited spots are available for each trip so sign up quick!**

### Registration

Closes	Date	Time	Location	Fee

# Mayor's Office-William B. Judge

## 2024 Open Office Hours

9:00-11:00 a.m.

Saturdays- March 16th, June 8th, September 7th,  
December 7th

This is an opportunity for residents to ask questions or to express concerns one-on-one with Mayor William Judge.

No appointment necessary.

Open Office Hours are held at the Active Adult Center – 500 W. Hopocan Avenue.

## Change for Change

Join us each month as we celebrate Change for Change!

Change for Change is sponsored by the City of Barberton and Mayor William B. Judge. Each month this fundraiser is held on behalf of a local non-profit and is designed to raise awareness of the group as well as collect donations for their cause. Hosted at a different local restaurant each month, Change for Change is designed to draw residents to a variety of restaurants to enjoy food, fellowship, and charity. Keep an eye on our social media accounts for upcoming dates!

## Barberton Business

### Jobs Gateway

The Barberton Business Jobs Gateway is an easy one-stop shop for those seeking employment and for businesses with vacant positions. Job seekers may use the Gateway to find employment opportunities in Barberton, and local businesses may use the Gateway to find employees. Visit the Barberton Business Jobs Gateway on our website.

If your business would like to participate, please contact Mayor William B. Judge at [mayor@cityofbarberton.com](mailto:mayor@cityofbarberton.com).

**WEEKLY FACEBOOK Q&A SESSIONS WITH MAYOR JUDGE**

Join us on Facebook weekly for Q&A sessions with Mayor Judge! A post will be made each Monday asking for questions and a video response will be posted each Friday.

# City Projects

## South Van Buren Reconstruction Project

The project is a \$5 million reconstruction of South Van Buren Road corridor from Snyder Avenue to Eastern Road.

### Project Details:

- New signal and update pedestrian facilities at S. Van Buren Ave. and Robinson Ave.
  - Pavement rehabilitation from Snyder Ave. to Harold Ave.
  - Full depth reconstruction from Harold Ave. to Russell Ave.
    - \*New pavement, curbs, sidewalks, drive aprons
    - \* Will need Work Agreements to properly construct some driveways on private property.
  - New water line from Snyder Avenue to Russell Avenue
    - \* Requires temporary water line to be placed on the ground during construction.
  - New storm sewer, outletting into culvert near Eastern Road
  - Pavement rehabilitation from Russell Avenue to Eastern Road.
    - Underground conduit for future fiber installation
- Temporary work agreements will be required on some properties for driveway work.

### Maintenance of Traffic Scheme:

- Roadway Improvements: South Van Buren will be closed to through traffic throughout the duration of the construction project. Access to resident's homes will be maintained at all times. When a drive closure is necessary, the contractor is to notify the affected resident/s at least 24 hours prior to the closure.

Pictured are new water lines, which are being installed on Taylor Road. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. Stay tuned for further updates and please use caution if you are travelling through the area.

## Wooster Rd. W. Project

Wooster Road W will be reconstructed from 4th Street to Hudson Run and resurfaced from Hudson Run to 31st Street. Aspects of this project include:

- New sidewalks, curbs, gutters, and storm sewers
  - Replaced water valves
- Wooster Road W will undergo a Road Diet. A Road Diet typically involves converting an existing four-lane undivided roadway to a three-lane roadway consisting of two through lanes and a center two-way left-turn lane (TWLTL)

Check out the City website and our social media accounts for updates on projects.

# Barberton Fire Department

## Call 911 For Emergencies Only

911 should be called for incidents where it is vital that units respond immediately including: Fires, Medical Problems, Car Wrecks, and Law Enforcement incidents that are in progress, that have just occurred, or where a suspect is in the area. In order to answer the numerous Emergency calls as quickly as possible with the limited number of 911 phone lines and 911 Call-Takers in any community, calling 911 for any reason other than reporting an Emergency is prohibited.

## How to use 911

9-1-1 is a universal number that is used when emergency services are needed i.e. the Police/ Fire Departments and Emergency Medical Services). It should only be used for the purpose of an emergency in these situations:

- When there is an imminent (about to occur or in the process of occurring) threat to the life of oneself, someone else or to property—including Hazmat emergencies.

### 1.) Threat To Life-

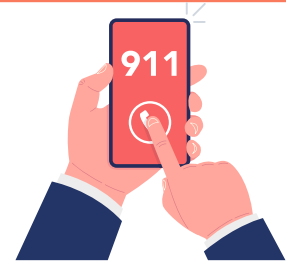

In danger of serious bodily injury or death; also reporting of missing/kidnapped persons.

### 2.) Threat to Property/ Structure-

When physical property (homes, buildings, bridges, aircraft, automobiles, trains, watercraft, and roads) is in danger of having its appearance and/or foundation altered in any manner by fire/explosion, collision, serious water damage, and natural disasters; especially if these pose a threat to life.

### 3.) Hazmat Emergencies-

Hazardous materials which include, but not limited to, certain gases, liquids, radio-active and infectious materials that can be potentially flammable, explosive, corrosive, toxic, and poisonous which can cause serious illness, injury and/or death. (If you do not recognize a particular smell, liquid or substance, do not touch or approach it, call 9-1-1 and describe it and/or your symptoms to the call taker).

## 9-1-1 is not to be used for:

- General information questions
- Obtaining phone numbers to other agencies and/or businesses
- Non-emergency complaints (refer to first page for definition of emergency)
- The purpose of reporting problems with non-emergency utility outages (i.e. lights out due to a storm, heat/air conditioning not working, water has been turned off, etc...)
- Because you didn't feel like looking up the non-emergency number to your local agency

## Answer the Questions Being Asked

- Do not become irritated with the 9-1-1 operator when being asked questions concerning the nature of the call.
- These questions are to obtain information to, again, determine the place of the emergency, what is going on, and what type of service is needed.
- Most importantly the questions asked are for personnel safety as well.
  - Do not "story-tell" when answering questions. Answer only the questions being asked in a calm and quick manner. The more you add information that is not immediately relative to the emergency, the longer the response time may take.

**DO NOT HANG UP!!!**

# 2024 Barberton Farmer's Market Tuesdays, May 28 - October 8 2:00-7:00 p.m.
